## PROFILE

*Final year student at the University of East Anglia. Looking for an opportunity in the software field.  
Interested to further develop my skills and broaden my knowledge in the technology area.*

## EXPERIENCE

### **Customer Services | Uptown Square, Cyprus 2018 – 2019 (Summer Terms)**

*Worked in close collaboration with team members to ensure that customers received high quality of service, carefully taking orders, welcoming and seating guests and monitoring quality and accuracy of order delivery.*

- Greeted guests, checked bookings and escorted guests to tables.,
- Consistently checking their requirements and providing response to their enquiries.
- Presented menus, explained menu items and made recommendations along with assisting guests with particular food allergies and preferences to select items.
- Served and clear food following correct etiquette.
- Checked orders for accuracy, quality and presentations standards.

### **Military Services | National Guard of Cyprus Office Assistant 07/2016 – 09/2017**

- Responsible for maintaining Admin Dept. Office organised and all the paperwork ready before deadlines.
- Utilized reports and information as per the confidentiality set by the National Guard HQ.
- Managed written correspondence and drafted and submitted requests for support, personnel and supplies for the Military Base requirements and updated higher ranking officers.
